MH 9618 - Módulos seat 660mm with 1 arm and without arms

5º: With all screws inserted, check the alignment between the modules and only then tighten the screws with allen key (A), (Fig. 3);

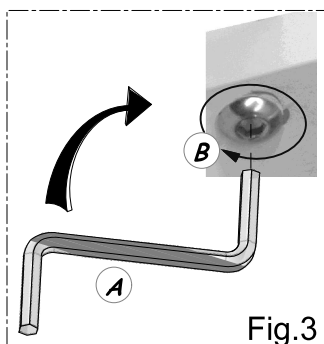

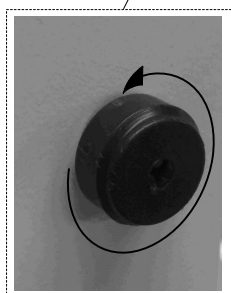

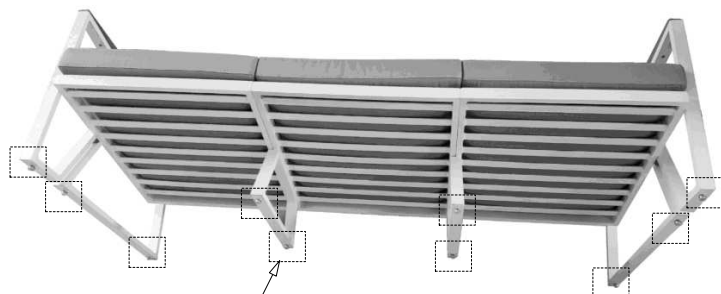

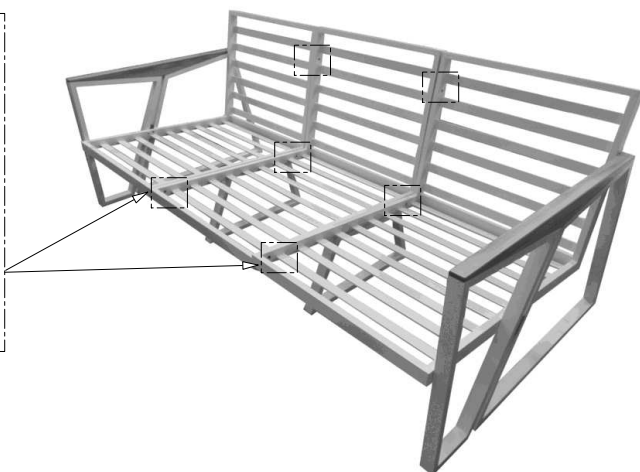

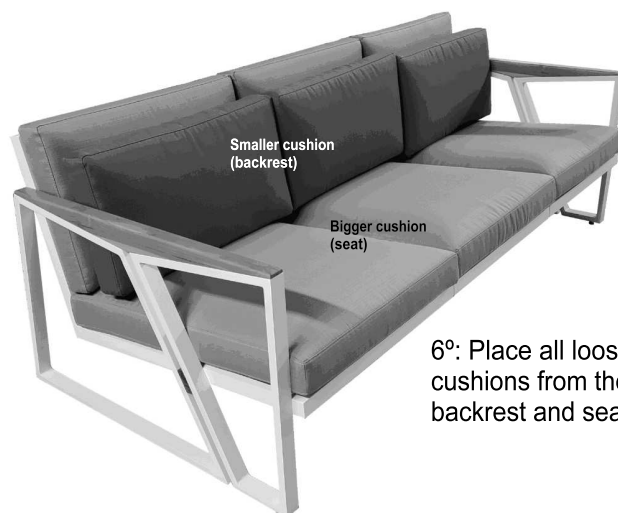

Fig.3

TIGHTEN ALL SCREWS UNTIL FIRM

NOTE: Levelers with height adjustment:

- * Used to adapt to small gaps in the floor, making all levelers have contact with it.
- * Need to be adjusted manually.

6º: Place all loose cushions from the backrest and sea

Elevation

Note: With the exception of the smaller backrest cushion, the others have a small elevation on one side, indicating the more rigid side, that should face the metal surface of the sofa.

CONSUMER GUIDELINES :

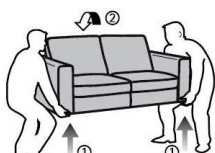

- * Do not use chemicals, abrasives or steam cleaners. Avoid contact with sharp objects and prolonged exposure to the sun;
- * The fabric may lacerate with use, this results in small folds that are normal. Due to friction, fabrics that have synthetic fiber and / or cotton thread in their composition, can form peeling (balls);
- * Do not jump on products with this coating;.

Fabric: vacuum cleaner or brush with soft bristles;
Metallic structure: cloth slightly moistened with water, followed by dry cloth.

2 People needed to assembly the product.

To avoid damage you must be careful when turning the sofa:

Move with two people;

First raise the sofa and then rotate it.
