illustrative pictures

Step 6:
attach the seat cushion to the
seat hardware (do this with the Velcro
(hook and loop) at the front)

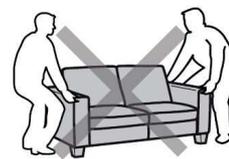

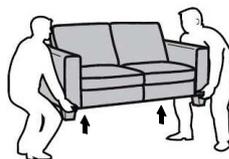

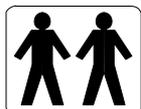

Velcro(hook and loop)
positioned under the seat
cushion at the front

HANDLING CARE :

To avoid damage, care should be taken when turning
the sofa after mounting the feet:

Move between 2 people;

To move it, first raise the sofa and only then
rotate it. (Fig. 10).
