B O N E

DESIGNED BY
SÉRGIO BATISTA

B O N E

The chair has striking and light features, where resistance and delicacy meet. The structure is of solid wood, the backrest in anatomically curved multilaminated sheet and, on the seat, medium density foam. It's really difficult to choose which is the best: visual or comfort.

STRUCTURE

Chair with solid wood structure. Multilaminated plate backrest with laminated finish. Upholstered seat.

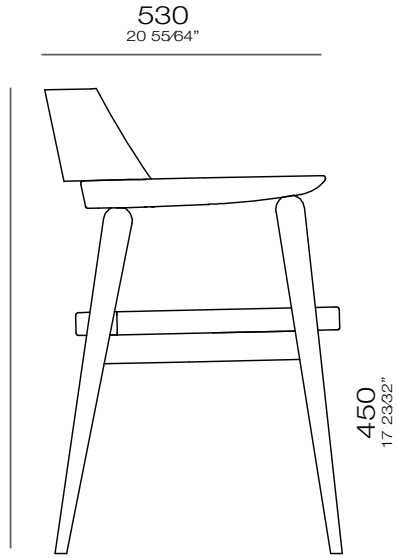

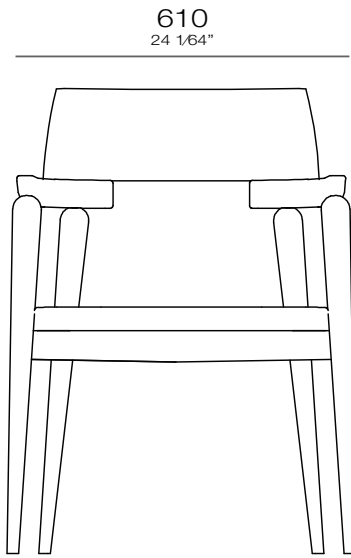

FINISHINGS

Wood: 079EC. Fabric: Palette of Uultis fabrics including leather.

COMPOUND

Base + backrest and seat.
