S O T T O

DESIGNED BY  
ESTÚDIO UULTIS

# S O T T O

---

The chair has striking and light features, where resistance and delicacy meet. The structure is of solid wood, the backrest in anatomically curved multilaminated sheet and, on the seat, medium density foam. It's really difficult to choose which is the best: visual or comfort.

## *STRUCTURE*

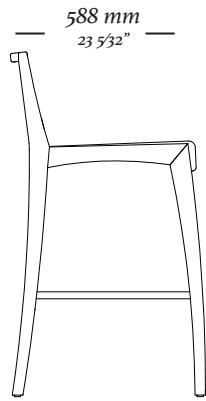

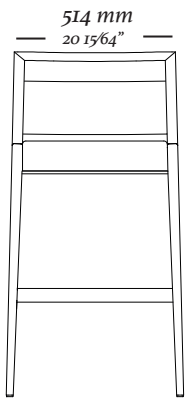

*Stool with solid wood structure with natural finish and seat with foam covered with fabric. The backrest consists of woven cotton straw.*

## *FINISHINGS*

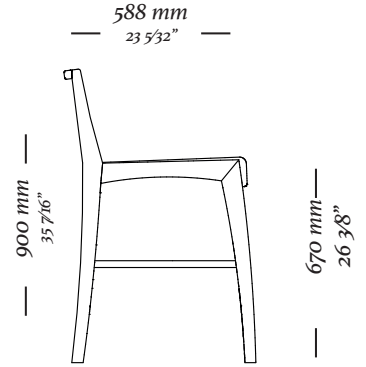

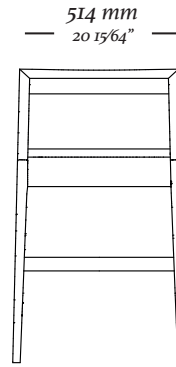

*Wood: 079EC. Fabric: Palette of Uultis fabrics, except leather.*
