K O R A

DESIGNED BY
SÉRGIO BATISTA

K O R A

The intertwining of the metal structure of the Kora coffee table inspires the security and resistance of an embrace. The structure overlaid by the wooden tabletop pieces, crowned with natural and cotton straw, exudes nobility in the simplicity of form and the refinement of materials.

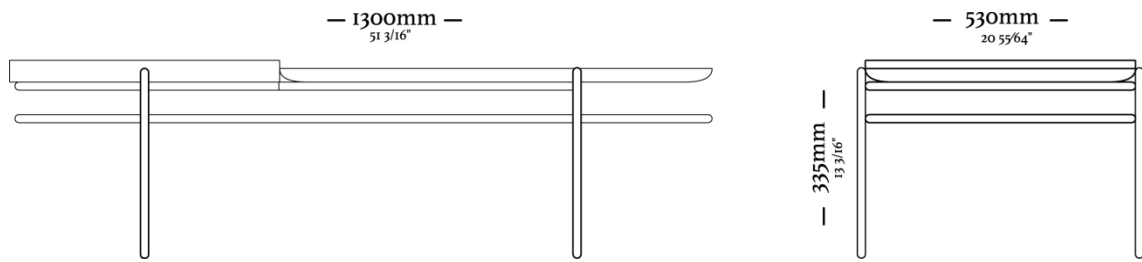

STRUCTURE

Fixed metal structure with high precision welding and screws, supporting the piece. MDF top with natural wood veneer. Solid wood rim with natural cotton straw finish, topped with tempered glass.

FINISHES/COATING

Finishes and coating available according to the price list. There is a wide variety of finishes and coating available to create unique pieces.
