HAWK

The quest for delicacy and softness is a challenging task in the midst of everyday functions. The Hawk dining table translates these two elements, combined in a piece with contemporary design, loaded with traces of Brazilian culture. The large surface of the top supported by the feet elevates the piece to a concept full of personality and sophistication.

STRUCTURE

Solid wood feet with high standard carpentry elements.
MDF top with natural wood veneer.
Metal structure under the top, allowing greater resistance.
