ITAMARATY

DESIGNED BY
UULTIS STUDIO

ITAMARATY

Itamaraty blends the elegance of the arches of the Itamaraty Palace with functional contemporary design. Its imposing base reflects the curves and contours of the palace's sinuous arches, providing structural support and serving as an aesthetic focal point that defines its unique identity.

STRUCTURE

The structure is made of a base of high-quality solid wood, machined to convey organic shapes. The tabletop is made of MDF, with a natural wood veneer and beveled edges, giving the piece a distinctive finish that enhances its identity.

FINISHES/COATINGS

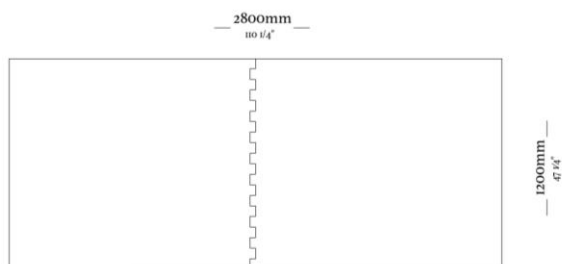

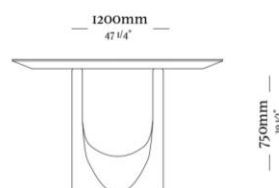

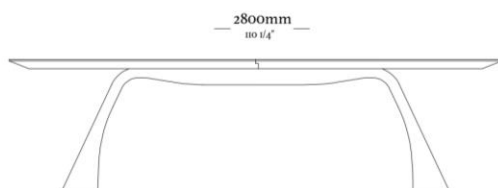

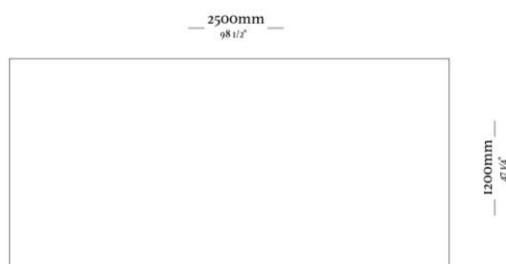

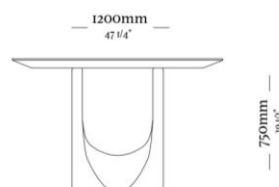

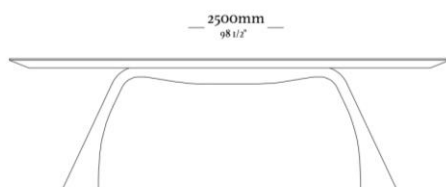

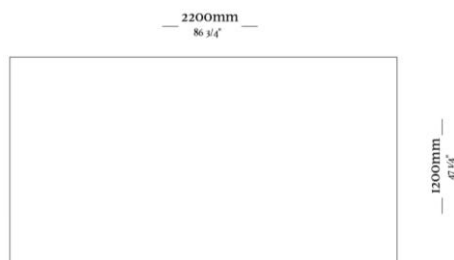

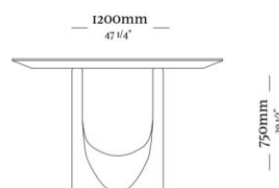

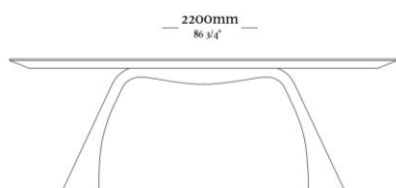

Finishes are available according to the price list. There is a wide variety of finishes to create unique pieces.
