INHOTIM

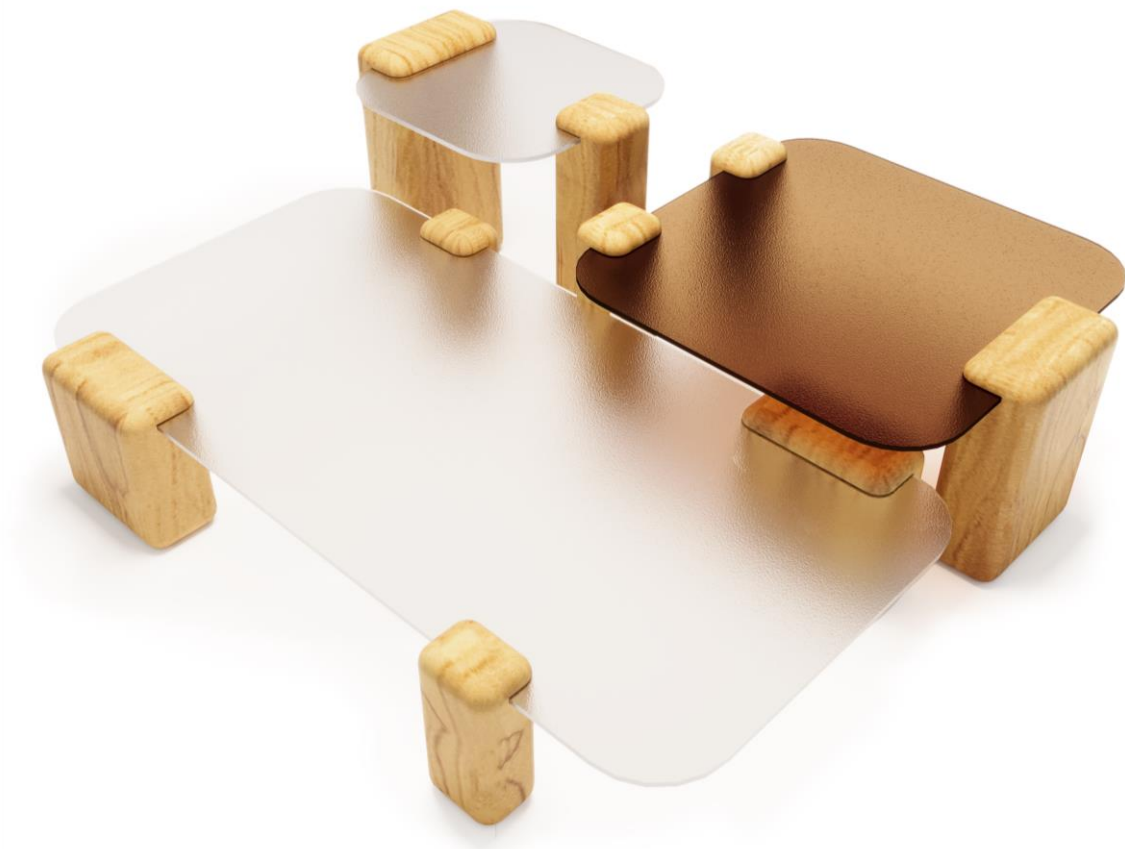

DESIGNED BY  
UULTIS STUDIO

# INHOTIM

---

Inspired by the emblematic Inhotim Museum, its feet carved in solid wood blocks not only evoke admirable structural stability, but also capture the organic forms found in Inhotim's buildings and installations.

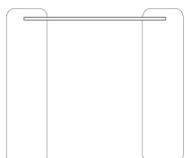

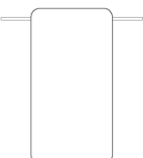

## STRUCTURE

*The bases of the Inhotim end tables are structurally composed of selected high-quality solid wood. The hammered glass top adds beauty and sophistication, as well as providing durability and a touch of exclusivity to the design.*

## FINISHES/COATINGS

*Finishes are available according to the price list. There is a wide variety of finishes to create unique pieces.*
