NORONHA

DESIGNED BY
UULTIS STUDIO

NORONHA

The Noronha side tables are an elegant fusion of contemporary urban design with the serenity of Fernando de Noronha's natural elements, celebrating the beauty of the unique rock formations and the harmony of the archipelago.

STRUCTURE

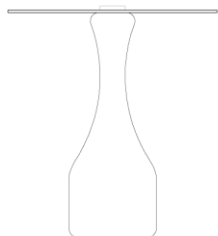

The bases of the Noronha end tables are structurally composed of selected high-quality solid wood. The hammered glass top adds beauty and sophistication, as well as providing durability and a touch of exclusivity to the design.

FINISHES/COATINGS

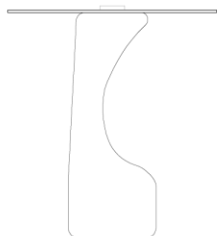

Finishes are available according to the price list. There is a wide variety of finishes to create unique pieces.
