CIPÓ

*DESIGNED BY  
ACIÓLE FÉLIX*

# CIPÓ

---

Inspired by the sinuous vegetation of the Amazon, the Cipó chaise lounge embodies organic forms and nature's flexibility. More than just a piece of outdoor furniture, it invites you to reconnect with Brazil's lush essence, transforming any space into a serene oasis of natural beauty.

## STRUCTURE

*The Cipó chaise lounge features an aluminum base combined with premium, weather-resistant solid wood for its seat. A nautical rope weave, soft foam cushions on the backrest, and high-density foam on the seat ensure both exceptional comfort and a striking design. All upholstery is protected by a waterproof layer beneath the fabric, ensuring long-lasting durability.*

## FINISHES/UPHOLSTERY

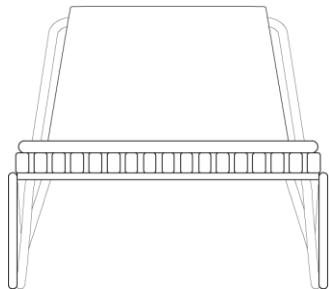

*Choose from a wide selection of finishes and upholstery options, allowing for a bespoke, tailored design.*
