ORLA

DESIGNED BY  
SÉRGIO BATISTA

Designed to evoke a sense of calm and connection with nature, this sofa combines aesthetic and functional elements that capture the relaxing spirit of coastal shores. With smooth lines and organic curves reminiscent of sand dunes and ocean waves, it creates a naturally fluid and elegant look.

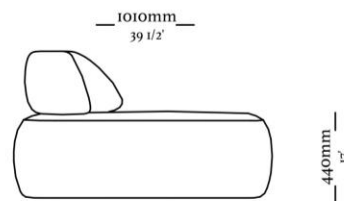

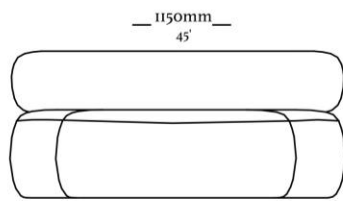

## STRUCTURE

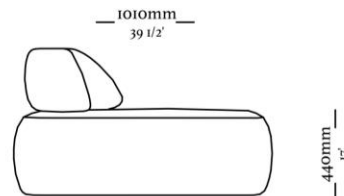

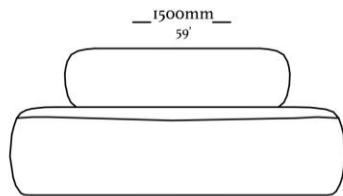

*The structure is made of carefully selected high-quality solid wood. The comfort layers feature elastic straps and medium-density foam in the seat, while the backrest is made with high-resilience foam.*

## FINISHES

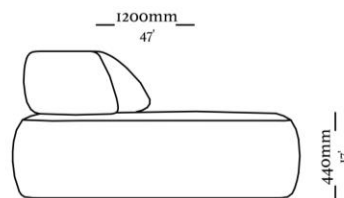

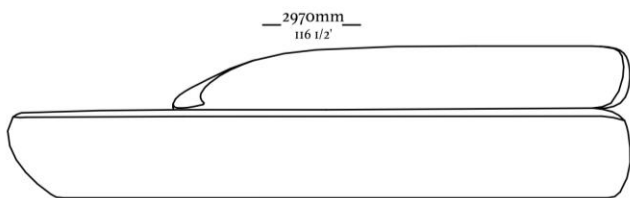

*Finishes and coatings are available according to the price list. There is a wide variety of finishes and coatings to create unique pieces..*
