DOMO

The spherical shapes of the Domo Chaise refer to the dome of the Casa de Cultura Mário Quintana, inviting you to step away from the rush of everyday life and immerse yourself in the beauty of art and the horizon that stretches before you.

STRUCTURE

The structure is made of carefully selected high-quality solid wood. The comfort layers include elastic straps and medium-density and soft foam in the seat and backrest. Solid wood details are present on the arms.

FINISHES

Finishes and coatings are available according to the price list. There is a wide variety of finishes and coatings to create unique pieces.
