# FLORIPA

---

Floripa is a piece of furniture that embodies the vibrant and natural essence of Florianópolis Island, in Santa Catarina. Inspired by the paradise beaches, dunes, and the island's laid-back atmosphere, it blends contemporary elegance with natural elements, offering both comfort and style to any space.

## STRUCTURE

*The Floripa armchair is structurally made from carefully selected high-quality solid wood. The backrest is supported by a metal plate, which holds upholstery made of layers of high-density and soft foam. The seat ensures comfort through upholstery with high and medium-density foams.*

## FINISHES/COATINGS

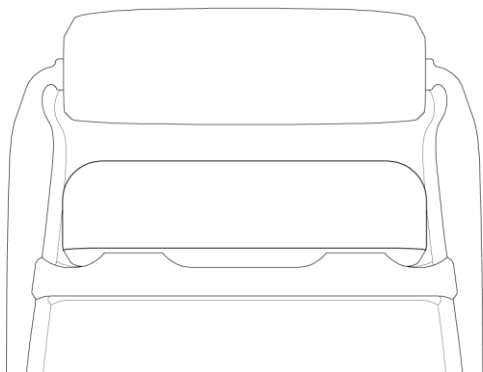

*Finishes and coatings are available according to the price list. There is a wide variety of finishes and coatings to create unique pieces.*
