DESIGNED BY
SÉRGIO BATISTA

N I C E

This bed has a headboard that protrudes to the sides, offering more coziness to its cute look, reminiscent of a sofa with a headrest, it has a lining around the structure that supports the mattress as well as feet designed to give the impression that the bed is floating.

STRUCTURE

A bed of solid wood structure of eucalyptus with a backrest of foam and fiber covered with fabric.

FINISHINGS

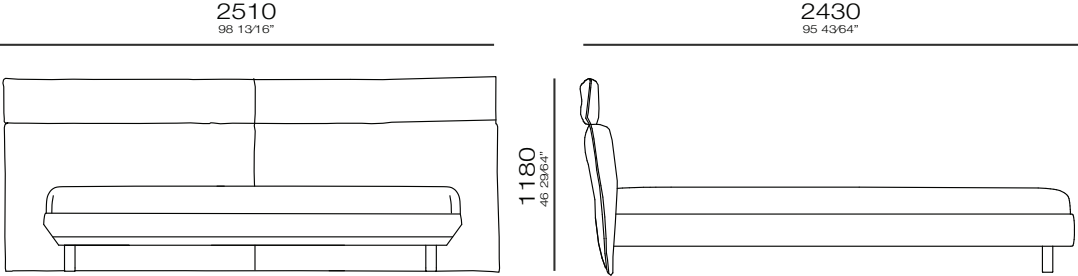

Wood 138CM, 158CM, 193CM.

Palette of Uultis fabric, except leather and striped fabrics.

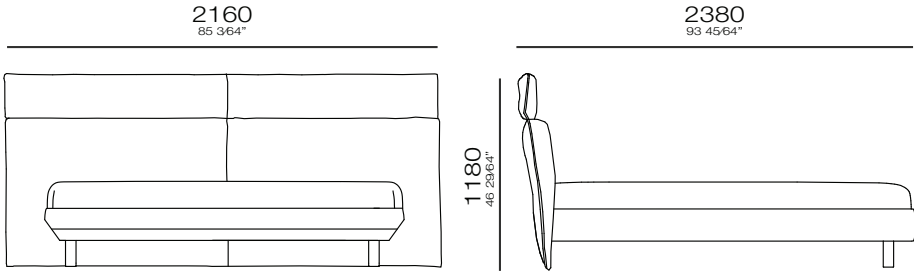

COMPOUND

Bed + headboard.
