Z A H A

DESIGNED BY
SÉRGIO BATISTA

Z A H A

Curves and organic shapes are important characteristics incorporated into Uultis pieces. The Zaha bed is an example: inspired by the works of architect Zaha Hadid, the piece carries symbolism: Zaha represents futuristic architecture that values curves and sharp angles. As a result, we have an irreverent and striking bed.

STRUCTURE

The structure is composed by high resistance solid wood. The comfort is offered by high and medium density foam layers.

FINISHES/COATING

Finishes and coating available according to the price list. There is a wide variety of finishes and coating available to create unique pieces.
