VÉU

DESIGNED BY
ESTÚDIO UULTIS

VÉU

Véu embodies the elegance of subtle revelation. Between restraint and detail, solidity and delicacy, the piece celebrates what is concealed as much as what is shown. It transforms storage into a quiet gesture of design, where refinement and function coexist with poetic discretion.

STRUCTURE

The Véu nightstand is constructed in MDF and fully upholstered in leather, reinforcing its sophisticated identity. Drawer handles are formed from folded metal plates finished with natural wood veneer, introducing a refined contrast between softness and structure.
