ÉTER

DESIGNED BY
ESTÚDIO UULTIS

ÉTER

Éter emerges from the contrast between solidity and lightness. Its continuous volume rests upon a base that lifts the structure from the ground, creating the sensation of suspension. The name evokes something present yet intangible, existing between elements.

STRUCTURE

The Éter bar is constructed in MDF finished with natural wood veneer. The interior includes glass shelves, bottle supports, drawers, glass holders, and integrated LED lighting. The base is available in acrylic or metal.

FINISHES

See price list for available finishes.

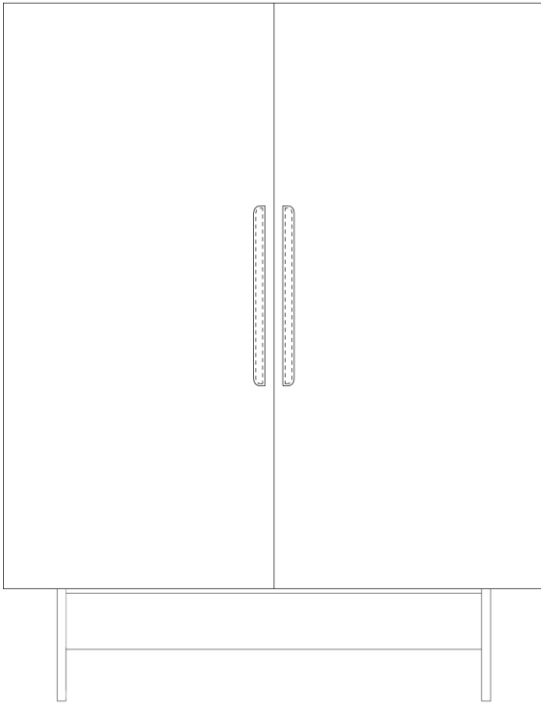

OPTIONS

Acrylic Base / Metal Base

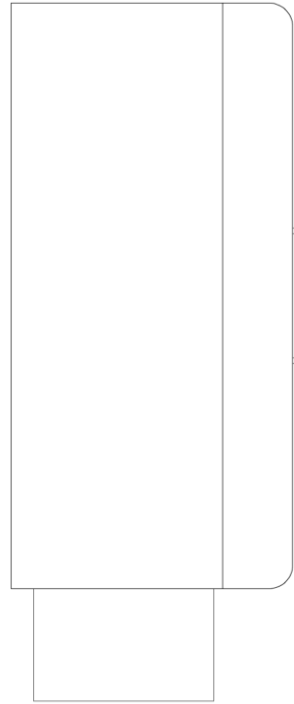

Handle with Synthetic Material / Metal Handle
