ELO

DESIGNED BY  
SÉRGIO BATISTA

# ELO

---

The Elo dining chair reflects the fluidity and continuity found in Scandinavian design of the 1950s while honoring the Brazilian tradition of working with wood as a living material. The natural grain of the wood and the gentle curves of the form create a balance between structure and warmth. The name Elo, meaning “link,” expresses the idea of connection. Each variation of the piece represents a different expression of the same concept, inviting moments of gathering and conversation.

## STRUCTURE

*The Elo dining chair is crafted from solid wood. The seat features high-density foam, while the backrest combines high- and medium-density foams for ergonomic comfort.*

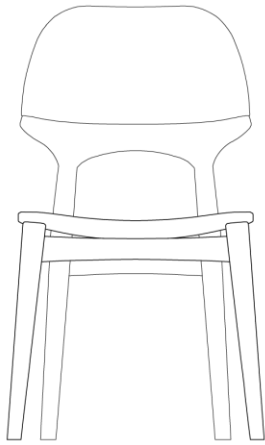

## FINISHES/UPHOLSTERY

*See price list for available finishes and upholstery options.*
