ELOS

DESIGNED BY
ACIÓLE FÉLIX

ELOS

The Elos armchair expresses the balance between gesture and structure through continuous curves that suggest both movement and permanence. The composition transforms contrast into harmony, combining sculptural presence with everyday comfort.

STRUCTURE

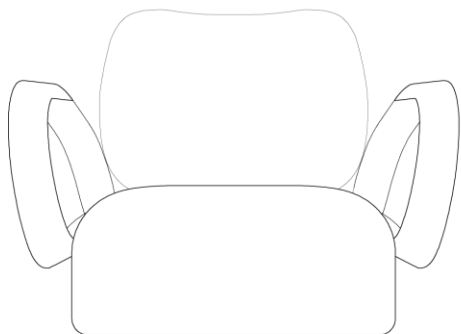

The armchair is constructed using precision-machined structural elements. Upholstery includes layers of high- and medium-density foam with soft foam for added comfort. The piece features a swivel metal base.

FINISHES/UPHOLSTERY

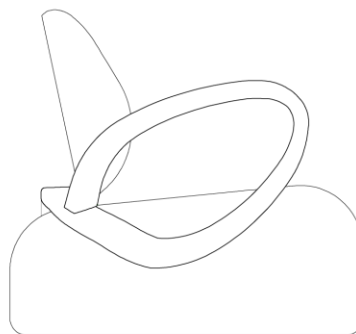

See price list for available finishes and upholstery options.
